

## Invocation of Arachne - the Spider Goddess of the Void

With the Blood of the Dragon  
I open the Gates to the Nightside,  
And I call forth the Spider Goddess of the Void,  
Queen of forgotten temples,  
Arachne,  
She who rises to consume the world in her Venom!  
I walk through the gateways of the Qliphoth,  
Into the Black Womb of the Dragon,  
To ignite the Draconian Flame of Gnosis!  
Come forth to me from the lost realms of Atlantis,  
Arise from forbidden temples beneath the paths of the Nightside,  
Enter through the gates of flesh,  
And enflame this body which I offer you as Temple!  
Seducer of Souls,  
Devourer of Gods!  
Inject your Venom into my soul,  
Let it flow in my veins,  
And transform it through your forbidden alchemy!  
Fortify my soul with your Primal Essence,  
Open the Eye of the Dragon,  
And reveal to me Knowledge and Wisdom of the Ancients!  
Open for me the Gateways of Power,  
And let me walk through the Paths of the Spider!  
Dark Goddess of Venomous Alchemy,  
I call you to enter my flesh, my mind and my soul,  
My whole being,  
Arachne, Spider Queen of Space,  
Let your Venom consume me from within!
